

Chaperone Guidelines

- Please say a prayer for the success of this day and for the safety of all involved.
- Please login to the Zoom Webinar on time.
- During the conference please continually encourage the teens tuning in to actively participate throughout the afternoon. If you notice something in the chat please remind the young people to pay attention to what is happening.
- During breaks get up and stretch like we are encouraging the young people to do.
- Your example is CRITICAL. It's very important that you lead by example. Be a good listener. Fully participate in the day. Keep a positive attitude, no matter what happens. Sometimes it helps to remind students that they will get out of the day what they put into it and if they are open and actively participate, it can be not only a fun, but meaningful experience for them.
- We are one Catholic community - let's work together to make sure EVERYONE has a good experience.
